We had a great vacation! The guys prepared the catamaran by the appointed time, there was everything necessary for a comfortable vacation on board, even air conditioning in the cabins, and an outdoor cinema on the deck.

I recommend this company to everyone!

Many thanks for a wonderful vacation! A magnificent, new catamaran. It is very noticeable that the owners pay great attention to the catamarans: cleanliness, excellent mattresses, bed linen, towels, new dishes in abundance!
We will definitely come back again!

The catamaran's equipment deserves a special mention. There are fruit baskets, well-thought-out placement of shoes and other small items on board. New bed linen, soap, etc. The catamaran has motion sickness remedies, masks, fins, lanterns, and everything you need. It's obvious that the owners know what they're doing. A great vacation!
